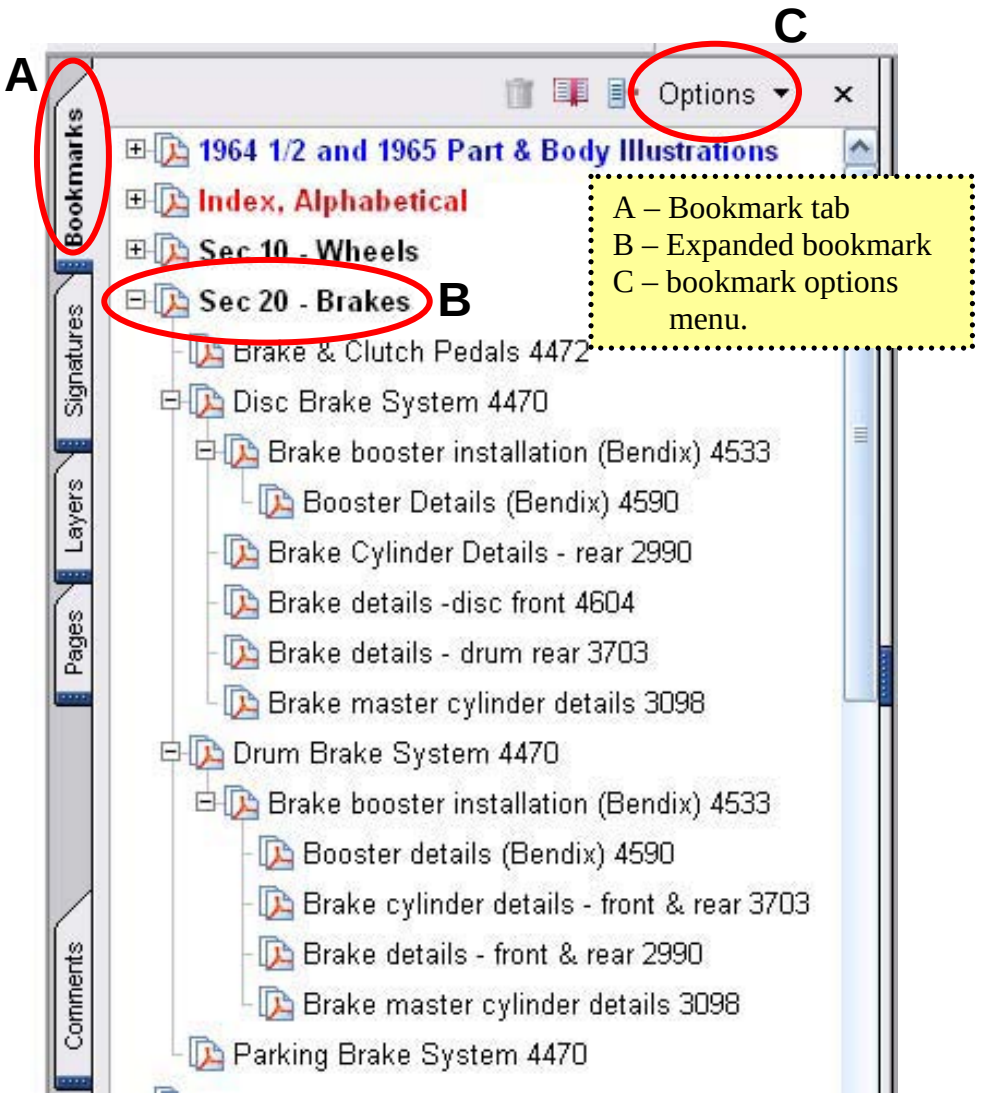
How this Manual is Organized

Navigating with bookmarks

This manual is primarily organized using “bookmarks”. Bookmarks are found on the left side of the screen and allow the user to navigate directly to a specific location within the document.



To browse using a bookmark:

1. Click the Bookmarks tab on the left side of the window, or choose view>Navigation Tabs>Bookmarks to display bookmarks.
2. To jump to a topic using its bookmark, click the bookmark. Click the plus sign (+) next to a parent bookmark to expand it. Click the minus sign (-) next to a bookmark to hide its children.

Note: Clicking a bookmark might perform an action instead of taking you to another location. It depends on how the bookmark was defined. For example, a hyperlinked bookmark could take you to a website.

If the list of bookmarks disappears when you click a bookmark, click the Bookmarks tab to display the list again. If you want the Bookmarks tab to always remain open after you click a bookmark, click the Options menu at the top of the Bookmarks panel, and make sure Hide After Use is not selected.

Basic Manual Organization

This manual is organized in three ways: **Illustration Number, Groupings by Sections** and **Alphabetical**.

Illustration Number:
Each illustration has it own illustration number. For example, the illustration for Brake & Clutch Pedals is illustration number "P-4472" and the illustration for the Brake Cylinder Details is "P-2990". The pages of this book are arranged in illustration number order. Therefore, illustration 4473 would follow 2990.

Note: Illustrations are in numerical, not alphabetical order.

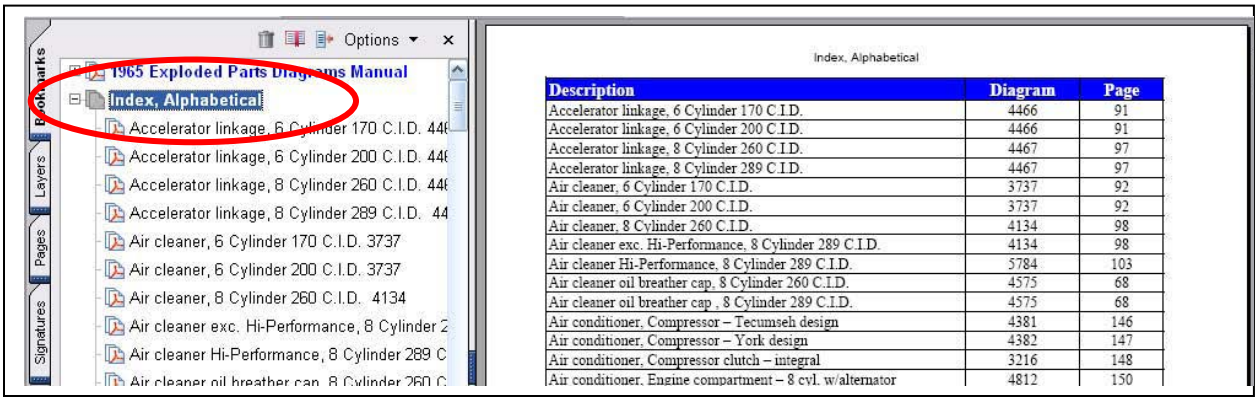
Groupings by Sections:
The grouping of diagrams by "section" is similar to how the Ford Motor Company originally organized its Master Parts and Accessories Catalog which contained both illustrations and part numbers to identify parts. For example, **Section 20 – Brakes** groups most brake related parts for this vehicle.

This manual uses bookmarks to follows that same organization and uses the same terms Ford used to identify the diagrams. In addition, the diagram number has been added to the end of the description. For example, **"Disc Brake System 4470"** is the basic name of the diagram and the diagram number is 4470. For the bookmarks and index's in this manual, the "P-" has been omitted.

Sec 20 - Brakes
Brake & Clutch Pedals 4472
Disc Brake System 4470
  Brake booster installation (Bendix) 4533
    Booster Details (Bendix) 4590
Brake Cylinder Details - rear 2990
Brake details -disc front 4604
Brake details - drum rear 3703
Brake master cylinder details 3098
Drum Brake System 4470
  Brake booster installation (Bendix) 4533
    Booster details (Bendix) 4590
    Brake cylinder details - front & rear 2990
    Brake details - front & rear 2990
    Brake master cylinder details 3098
Parking Brake System 4470

The grouping of diagrams by number is useful in finding most diagrams related to a major group.

Alphabetical:
The alphabetical listing is a simple alphabetized listing of all diagrams. In some cases, if the diagram contained more than one major component, the diagram may be identified more than once. Expand the "Index, Alphabetical" bookmark to view details. The associated page contains the description, diagram number and page number for easy reference.



Description	Diagram	Page
Accelerator linkage, 6 Cylinder 170 C.I.D.	4466	91
Accelerator linkage, 6 Cylinder 200 C.I.D.	4466	91

Carburetor - Ford 2V	9084	211
Carburetor - Ford 4V (4300)	8934	206
Child safety seat	11536	233
Clutch and Clutch Pedal	8144	156
Console (floor)	8052	131
Consolette and related parts	8057	136
Convertible Top Electrical System	8426	190
Cooling System - 390, 427, 428, 429 CID Engine	5723	69
Cooling Systems, 6 & 8 Cyl. Engines	3147	32
Courtesy Lamp - pillar mounted	7040	94
Crankshaft and flywheel, 6 Cylinder 200, 250 C.I.D.	4899	57
Crankshaft and flywheel, 8 Cylinder 289 C.I.D.	3734	41
Cylinder Block - external (Cleveland)	8367	175
Cylinder Block - external (Windsor)	8369	177
Cylinder Block - internal (Cleveland)	8368	176
Cylinder Block - internal (Windsor)	8370	178
Cylinder block, 6 Cylinder 200, 250 C.I.D.	3088	27
Cylinder head, valves, and related parts, 8 Cyl.	3727	38
Distributor - Dual Point (8 Cylinder)	10590	230
Distributor - Single Point (8 Cylinder)	9288	220
Distributor (6 cylinder 170, 200 240, 250 engines)	10451	228
Door Bumpers, rubber	6440	75
Door Edge Guard	10061	224
Door Trim Panels	10542	229
